

Hello,

As I have mentioned, today I had a meeting with the customer and we collected a little bit more feedback.

For <https://ampudm.ddns.net/io-register> we need to have the following columns in the following order (stage will come before document category):

- Action
- Nr./ Registration date - replace with **Index**
- Name
- Status
- Stage
- Document Category
- Date of last action
- Created By

Romanian:

- Acțiune
- Nr./data înregistrării documentului - replace with **Nr. Reg.**
- Nume
- Stare
- Etapă
- Categorie document
- Data ultimei acțiuni
- Creat de

For <https://ampudm.ddns.net/> we will have the following columns:

- Action
- Nr./ Registration date - replace with **Index**
- Name
- Status
- Category Name
- Date of last action
- Expired Date - this column will be hidden - they do not use this feature at the moment
- Created By

Romanian:

- Acțiune
- Nr./data înregistrării documentului - replace with **Nr. Reg.**
- Nume
- Stare
- Numele categoriei
- Data ultimei acțiuni
- Data de expirare - this column will be hidden - they do not use this feature at the moment

- Creat de

For <https://ampudm.ddns.net/documents> we will have the following columns:

- Action
- Nr./ Registration date - replace with **Index**
- Name
- Status
- Document Category
- Date of last action
- Created By

Romanian:

- Acțiune
- Nr./data înregistrării documentului - - replace with **Nr. Reg.**
- Nume
- Stare
- Categorie document
- Data ultimei acțiuni
- Creat de

On <https://ampudm.ddns.net/document-audit-trails> - the operations in Romanian are not alphabetically sorted and **Citit** is uppercase first letter - should be **citit**.
